

In August 2022, CHLITINA HOLDING LIMITED consolidated sales amounted to NT\$397 million. Despite the headwinds, sales increased 2% MoM and 4% YoY, demonstrating the company's stamina and resilience.

Operational Summary

1. For August 2022, CHLITINA reported consolidated sales of NT\$ 397.0m, with sales from our core business in China, the beauty salon franchise channel, contributing NT\$375.9m –or about 95%– to the total.
2. Expressed in renminbi, CHLITINA's functional currency, for the month of August alone, consolidated sales reached RMB 89.8m (3% MoM; +2% YoY). Sales in mainland China originating from the beauty salon franchise network contributed RMB 85.1m to this total.
3. Sales for the first eight months of 2022 reached NT\$2,582.3m (-17% YoY), with sales from our core business in China, the beauty salon franchise channel, contributing NT\$2,396.9m to this total. Expressed in renminbi, CHLITINA's functional currency, sales for the first eight months of 2022 reached RMB 583.4m (-19% YoY), with RMB 541.5m originating from our mainland China operations.
4. As we approach the autumn-winter season and prepare for the traditional peak sales period, external factors such as the overall economic situation and the return of the epidemic are still blurring the picture. In this context, the company will refocus on its core channel, concentrating its efforts on improving resource allocation efficiency and business results.
5. As of last month, our main business channel, the CHLITINA beauty salon franchise, included 4,993 stores worldwide, a slight decrease mainly due to the impact of the epidemic on our franchise recruitment campaign. Hoping for a quick stabilization of the epidemic situation, the company will strengthen our support to existing franchise stores and help them with product sales.
